(B.R.Martin, S.Mazzavillani, C.Pagano, C.A.Raggi, R.Testoni)

you're reaching for a star in the night  
just wait until the rain makes it comes down  
the city's gonna shine in the night  
a vision of a devotion  
you're reaching for a star in the sky  
just wait until the rain makes it falls down  
the city's gonna shine in the night  
a vision of a devotion  
there is another sound for words  
where nothing's said and joy is heard  
there is another word for sound  
you hear it when you don't listen  
you're reaching for a star in the night  
...  
you're waiting for the miracle man,  
male, female,  
undescript and undistinctive,  
age undefined,  
hides in city corners

one man on a lonely platform  
one case sitting by his side  
two eyes tearing cold and silence  
show fears as he turns to hide  
aaaahh... will fade to grey - (fade to grey)  
...  
aaaahh... will fade to grey  
...  
feel rain like an english summer  
hear the note from a distant song  
steppin' out from a backdrop poster  
wishing life wouldn't be so long  
aaaahh... will fade to grey - (fade to grey)  
...

MYSTIC MOTION (1996)  
(B.R.Martin)

something's whispering your name  
can you hear it call  
yes it's time to make a change  
and it's not a sound at all  
all your words won't let your hear  
silence in your soul  
listen to the whispering  
every word will explode  
and if you want to change your mind  
don't knock on freedom's door  
find another space and time  
and join the mystic motion  
full of fantasies and fear  
and the guilty heart  
even tough the light is free  
we've been paying for the dark  
too much sugar in your dreams  
will be poisoning  
everything you think you know  
cause your pain - they say:  
in time - we'll change our life  
in time - we'll sacrifice  
in time - we'll find ourselves  
in time - but i'm telling you that  
and if you want to change your mind  
don't knock on freedom's door  
and if your soul is hard to find  
then join in mystic motion  
and if you want to change your mind  
don't knock on freedom's door  
true believers have no fear  
just join the mystic motion  
living with a restless mind  
we will never see  
we have the same direction  
but in different galaxies  
close your eyes open your soul  
and the words of your mouth  
will be meditation of your heart  
and you will know that  
time – is nothing gained  
and time – won't heal your pain  
and time – is a waste of time  
time and time again  
and if you want to change your mind  
don't knock on freedom's door  
find another space and time  
and join the mystic motion  
and if you want to change your mind  
don't knock on freedom's door  
true believers have no fear  
just join the mystic motion

### MANTRA (1996)

(S.Mazzavillani, C.Pagano, C.A.Raggi)

hare hanni hanni hare  
hare hanni ni hanni hare  
hare hanni hanni hare  
hare hanni ni hanni hare  
there is a sound that's healing the world  
it's just the beauty of the main sacred word  
this incantation can move the mountains  
it's just one voice chord: om bhur bhuvah suahh!  
hare hanni hanni hare

...

this is the right kind of song to tell you  
the mantra power and the echoes of love  
the different voices can become one only  
the teaching of buddah: om bhur bhuvah suahh!  
hare hanni hanni hare

...

### VOO-DOO BELIEVE? (1996)

(D.Losito, S.Mazzavillani, C.Pagano, C.A.Raggi)

from the deepend of your soul  
there 's a rising voice  
that is telling you that something 's wrong  
from the bottom of the ocean  
to the mountains of the moon  
in a land that 's known as freedom dome you 'll find out  
but you don't have to be blind  
you have to keep in mind  
here 's not a lot of time  
to rescue your being from the deep inside  
would you believe? voodoo believes  
free to believe, just in something you believe  
voodoo believes, buddha believes  
jesus believes, deep in your heart you believe  
when the dawn becomes a day  
till the sunset comes  
you 'll be searchin' out your space and time  
down the dark side of your heart  
there 's some galaxies apart  
always ready to be filled with faith and hope  
but you just have to remind  
be careful with your pride  
there is a truth to find  
to salvage your soul from the hidin' line  
would you believe? voodoo believes  
free to believe, just in something you believe  
voodoo believes, mooses believes  
nature believes, deep in your heart you believe  
would you believe? voodoo believes  
free to believe, just in something you believe  
voodoo believes, buddha believes  
jesus believes, deep in your heart you believe  
full of misteries and fear  
and a trembling heart  
you 'll be knockin' on the heaven 's door  
someone answers from inside  
neither hills nor peaks to climb  
for believers there 's no fee to pay at all  
but you just have to remind  
be careful with your pride  
there is a truth to find  
to salvage your soul from the hidin' line  
would you believe? voodoo believes...

until my body is whole and my mind is free

(P.Bellotte, G.Moroder)

baby, baby  
baby gives me loving  
please me, needing nothing  
nothing left to me  
baby, baby  
baby's got me sighing  
nearly has me dying  
dying off of me  
from here to eternity  
that's where he takes me  
from here to eternity  
he does he does he does  
from here to eternity  
that's where he leads me  
from here to eternity  
with love, with love, with love  
baby, baby  
baby makes me feel good  
feel so good he makes me  
love me once again  
baby, baby  
baby lovin' him is easy  
easy how he loves me  
love me once again  
from here to eternity  
...

## THE SIGN (1997)

(D.Losito, S.Mazzavillani, C.Pagano, C.A.Raggi)

i' ll be waiting in the morning shine  
to meet you when the moon reflects the white light  
from the inner voice it comes the sign  
a thunder' s breakin' through the lifeline  
down the swarming street the love parade  
has now begun and we can play this strange game  
take the highway to the endless night  
it's time to run over the rainbow  
the magic way of dreams  
is free  
another day of joy  
will begin  
the sign above the skyline - yeah - heah  
a journey through the time - yeah - heah  
it's not so hard to find out - yeah - heah  
the key to change your mind - uoh houh  
thousand miles within my dusty shoes  
the road to nowhere' s made of lanes of fantasy  
the flying carpet's big enough for two  
to bring us straight where you can listen  
the whisper of the wind  
so clear  
a mighty kind of love  
will begin  
the sign above the skyline - yeah - heah  
a journey through the time - yeah - heah  
it's not so hard to find out - yeah - heah  
the key to change your mind - uoh houh  
the sign above the skyline - yeah - heah  
the power in your eyes - yeah - heah  
it's not so hard to find out - yeah - heah  
the way to feed your mind - uoh houh  
reachin' out a place to turn the tide  
a shadow' s floating just behind the nightfall  
just a feeling deep inside of us  
the motion that's awaking sleepers  
the magic way of dreams  
is free  
another day of joy  
will begin

the sign above the skyline - yeah - heah

I WILL PRAY (1998)

(G.Acito, G.Caliandro, D.Losito, S.Mazzavillani, C.Pagano, C.A.Raggi)

i know that time will surely break  
the silence in my soul  
i'll listen to the chimes of freedom  
i need to walk around this strange world  
forever more  
let's start to love: age of aquarius  
oh, who can give me a deeper love?  
oh, in my heart i'm looking for  
oh, who can give me a deeper love?  
oh, tell me what i need to know  
i will pray, oh oh  
i'll never stop to dream, i'll never stop to dream  
i will pray, oh oh  
the power in my mind, oh oh-o  
i will pray, oh oh  
i'll never stop to dream, i'll never stop to dream  
i will pray, oh-oh  
the power in my mind, oh oh-o  
i'll see the light  
please babe show me plastic visions from  
the mystic door  
i'll fight to fill an empty frame  
so many dreams and words unsaid  
it's time to make a change  
let's start to live: age of aquarius  
oh, i feel burnin' in my head  
oh, i will sacrifice myself  
oh, who can give me a deeper love?  
oh, tell me what i need to know  
i will pray, oh oh  
...

I LOVE TO DANCE (1999)

(M.Facibeni, M.Guidi, D.Losito, S.Mazzavillani, C.Pagano, C.A.Raggi, A.Zaffagnini)

get up on the groove - now

get up on the groove - now  
get up on the groove - yeah  
okay, we're gonna make you dance all night long  
time for singin' mixin' movin'  
you've gotta use your sixth sense just to prove it  
when i wake up in the morning  
all i feel inside of me  
a horny groovy that keeps me moving  
on and on and on the night and day  
and i seem to make you understand  
what it makes me feel inside  
take me over the seven seas  
'cause we've got the funk  
and when the music starts to speak  
it makes me work eight days a week  
i can get enough  
i wan't get enough  
'cause i love to dance all night long  
i love to dance all night  
'cause i love to dance all night long  
i love to dance all night  
'cause i love to dance all night long  
i love to dance all night  
'cause i love to dance all night long  
i love to dance all night, alright, alright  
and now you know it how can i feel  
so take it all the way with me  
run together into the freedom  
on and on and on the night and day  
and we are a great big family  
walking down the streets all around the world  
take the groovy inside of you  
'cause you love the funk  
and when the music starts to speak  
it makes me work eight days a week  
i can get enough  
i wan't get enough  
'cause i love to dance all night long  
...
